

# VANTAGE<sup>®</sup>

## SLANT

The Vantage Slant™ is designed to enhance the gaming floor, tailored specifically for AGC's and bingo halls. Engineered with both the operator and player in mind, it has all the features of the Vantage in a versatile package. With infinity edge-to-edge displays, intelligent lighting and sleek ergonomic design the Vantage Slant™ keeps players comfortable and engaged.

And like its counterpart the Vantage™ Slant offers Inspired's entire game catalogue, featuring our next generation menu with smart search and recommendation engine capabilities that let players quickly find their favourite games.

The cabinet maximises retail space and sightlines to capture attention and boost player engagement. Its sleek, modern design makes it the perfect solution for gaming venues committed to attracting and retaining players with a premium gaming experience.

### PLAYER APPEAL

The cabinet maximises retail space and sightlines, featuring 32" infinity-edge HD displays that deliver a captivating visual experience. Intelligent edge-lit lighting responds dynamically to gameplay, engaging players and attracting attention.

### EASE FOR OPERATORS

Operators benefit from seamless downloads, updates and remote fixes, all supported by Inspired's high level service, ensuring minimal disruption and smooth operation.

### FORTUNE COMMUNITY

The Vantage Slant links seamlessly with Prismatic™ and Vantage cabinets in venue for an unmatched multiplayer experience.

### A GAME FOR EVERY PLAYER

With premium content from Inspired, Bell Fruit, the Vantage Slant offers a diverse and updated gaming library, with new games delivered to the full estate every month.

### INSPIRED'S NEXT GENERATION MENU

It's now easier than ever to search and swipe through Inspired's extensive library of games. Vantage Slant offers a modern and intuitive game menu with key functionality that drives player game recommendations based on their playing sessions.
